Professor Joshua Lederberg
Department of Genetics
The University of Wisconsin
College of Agriculture
Madison 6, Wisconsin

Dear Professor Lederberg:

We are most appreciative that you and Dr. Cavalli have thought of us as to the publishing of your manuscript on GENETICS AND CHEMOTHERAPY.

We have studied the contents of your materials and would be glad to agree to produce the book in accordance with our standard form of agreement.

Your title seems very satisfactory.

May we inquire as to the probable completion date of the materials.

May we be of further counsel to you and Dr. Cavalli at this time? It occurs to us that a copy of our GUIDE FOR AUTHORS may be useful and one of these is going forward under separate cover to your attention.

I believe that you would like to have our agreement prepared for your consideration. We submit it, herewith, in triplicate. Don't hesitate to let us know if there should be anything that is not entirely clear or satisfactory.

We would be appreciative if you would let us know the address that Dr. Cavalli would prefer to use for correspondence.

I hope that we may look forward to the association.

With all good wishes,

Sincerely,

CHARLES C THOMAS
